

CSBK – How does it work?

The answer is: **It depends!**

Which event series do you mean? We offer two exciting events for motorcycle enthusiasts, which you can discover on our website: More info [here](#).

Let's start with the **Alteisenreiten**:

Alteisenreiten

The [Alteisenreiten](#) is a relaxed event with plenty of riding time – no races, but occasionally with timed laps. There's also a varied supporting programme.

Everyone is welcome, whether you ride an older machine or something slightly more modern. At Alteisenreiten, we're not too strict about it.

This event is ideal for retired racers, pre-season preparation, and even for track novices.

What makes Alteisenreiten special?

- **Focus on fun:** No racing, just the joy of riding.
- **Open to everyone:** No CSBK club membership required.
- **Community:** An event for anyone with a passion for motorcycles.

Then there's the **CSBK-Masters-Series**:

CSBK-Masters-Series

The CSBK-Masters-Series evolved from Alteisenreiten – designed for more ambitious riders seeking a challenge. However, some requirements need to be met:

1. Club Membership

To participate, you must be a member of IG Classic Superbikes e. V. (CSBK). Membership is governed by our statutes, which provide details about rights, responsibilities, fees, and cancellation terms.

2. Rules & Divisions

The CSBK-Masters-Series is divided into four exciting divisions:

- **Vintage Superbikes**
- **Pro Superbike Legends**
- **No Limit Superbikes**
- **Naked Superbikes**

The foundation is our basic regulations, supplemented by specific rules for each division. You can find these rules [here!](#)

3. Events and Partners

The events are organised in collaboration with our partner, [Bike Promotion](#). Bookings are made via their portal. If you need support with the booking system or payment queries, Bike Promotion is there to assist you.

Don't forget our **CSBK Codex** (as part of the reglement) when preparing your machines:

XI. Codex

If the regulations don't explicitly mention essential requirements for participating in an amateur racing series, leaving room for interpretation, the following principle applies:

Everything not regulated or explicitly prohibited is **NOT** automatically allowed. In case of doubt, a **PRIOR** enquiry to the Fairplay Committee is mandatory for all participants.

The Heart of CSBK

Here's what truly sets us apart from other racing series:

We're not about preparing for a potential MotoGP or IDM contract.

We're simply too old for that, far too old. Most of us don't have a sponsor funding our hobby or covering our living expenses. On Monday, we're back at work, saving up for the next event!

What are we trying to say? Consideration is our top priority!

If things get tight on the track, it's better to ease off the throttle and play it safe. Because, as the saying goes: **Safety first – arriving healthy is the goal!**

A Word About Gendering

In our community, we deliberately avoid gendering – perhaps because we're from a different era. However, we place great importance on ensuring everyone feels welcome. Discrimination, racism, or right-wing extremism have no place or platform with us!

Do you have questions?

Just write to us! We're looking forward to hearing from you and having many exciting conversations.

Welcome!

Step in, feel at home, get involved, and join us – we're excited to have you!
